- Create characters for D&D 5th edition - Intuitive character builder with easy editing - Character sheet with tabs for actions, inventory, items, spells, traits, etc. - Exports to a PDF file and can print for you - Ability scores for all classes and races can be viewed in one place - Multiple keyboard shortcuts for editing a single value - Customize the experience to your needs Ludicrous XP thief and healer to be your character of choice. This is for all D&D 5E Players and experienced GMs looking to level up quickly. I've been playing D&D for 5 years and was in a few games, but my first actual RPG campaign was with my friends. I always feel that I played the character "right" but the players always asked me to change their characters and I never really liked it. Then I heard that LULX had an option to change a whole bunch of my stats, and my life was saved. So I made a new character and joined the crew. With this character, you won't be going to level-up every three or six months. You'll be making progress every session. Did I say that this was gonna be good? It's gonna be better. Here's the LULX set-up I'm using: LULX Pack [ C\_...]( \_Fu5) Now I'm a fully leveled character. To level faster, just use a character sheet! I already set-up a character sheet for my LULX character: LULX character sheet [ ZV...]( You can print it or

Character Builder Journal – Journal \* The Character Builder Quests \* Character Builder Stims \* Character Builder Toolbox \* Advanced Features Of The Character Builder \* Using The Character Builder 5 \* Export to PDF \* Exporting to SD Card \* Exporting to ZIP \* Printable Version What you should know before buying: Using the Book Every section in the Book is essential for every player, regardless of their level of play. Some sections may seem a bit overwhelming at first, but will only prove to be useful in your next game. The writer is a well-regarded player and his main goal is to help you get your first character right and show you the basics of The Character Builder. All of this is done in an approachable, casual and funny way, which will definitely help you get the hang of things. At the same time, the writer also aims to provide guidance and help you understand why certain choices are made in the character creation. What you will learn: The Book helps you get to know the building process better than you ever have before. You'll be able to customize everything to your liking and you'll understand all the different aspects of the character creation process. Who will benefit from this book: If you're new to The Character Builder, you'll enjoy learning how the process works and seeing all the options available to you. If you have been playing The Character Builder for a while, you'll benefit from an overview of all the sections and a deeper look at what makes a character. \* \* \* Example: A Farmer I was level 5 and this was my first character. I had no idea what I was doing. I created my character in just a few minutes. I was surprised that things like class and race were already set. I selected a simple race. I thought about using the traits of the Centaur and the half-dragon, but ultimately I ended up using the Elf. I just wanted something that could work as a medium-ranged fighter. My class was tough, since I wanted a magic user. I knew I wanted to be a Cleric of the Archfey. I chose agility as my primary attribute. I wanted to
